

ASSURANCE OPINION GREENHOUSE GAS EMISSIONS

This is to verify that

EVA AIRWAYS CORPORATION.

NO. 376, SEC. 1, HSIN-NAN RD., LUCHU, TAOYUAN 33801, TAIWAN, R.O.C.

Holds Statement No: TWN25067305GT-1 Rev.1

Bureau Veritas Certification (Taiwan) Co., Ltd. was engaged to conduct an independent verification of the greenhouse gas (GHG) emissions reported by EVA AIRWAYS CORPORATION. for the period stated below. This Verification Statement applies to the related information included within the scope of work described below.

The determination of the GHG emissions is the sole responsibility of EVA AIRWAYS CORPORATION. BVC's sole responsibility was to provide independent verification on the accuracy of the GHG emissions reported, and on the underlying systems and processes used to collect, analyze and review the information.

Boundaries of the reporting company GHG emissions covered by the verification:

- EVA AIRWAYS CORPORATION. at NO. 376, SEC. 1, HSIN-NAN RD., LUCHU, TAOYUAN 33801, TAIWAN, R.O.C. and please refer to Appendix for detail information.
- Period covered by GHG emissions verification: January 1, 2024 to December 31, 2024

Emissions data verified:

- Category 1 - Direct GHG emissions and removals: 7,076,258.743 tCO₂e
- Category 1 - Direct biogenic CO₂ emissions and removals: 726.8607 tCO₂e
- Category 2 - Indirect GHG emissions from imported energy: 13,418.5346 tCO₂e
- Category 3 - Indirect GHG emissions from transportation: 6,021.1495 tCO₂e
- Category 4 - Indirect GHG emissions from products used by organization: 1,525,231.9728 tCO₂e

Assurance Opinion:

Based on the process and procedures conducted, we conclude that the GHG statement for Category 1 and 2 is materially correct and is a fair representation of the GHG data and information, and is prepared in accordance with the ISO 14064-1:2018. Levels of Reasonable Assurance in Compliance Verification Agreements.

There is no evidence that the GHG statement for Category 3,4 is not materially correct and is not a fair representation of GHG data and information and has not been prepared in accordance with the ISO 14064-1:2018 Levels of Limited Assurance in Compliance Verification Agreements.

It is our opinion that EVA AIRWAYS CORPORATION. has established appropriate systems for the collection, aggregation and analysis of quantitative data for determination of these GHG emissions for the stated period and boundaries.

Ryan Man, Technical Reviewer

GHG Verification Protocols used to conduct the verification:

- ISO 14064-1:2018, ISO 14064-3:2019
- Period covered by GHG emissions verification: January 1, 2024 to December 31, 2024
- GHG covered: Carbon dioxide (CO₂), Methane (CH₄), Nitrous oxide (N₂O), Hydrofluorocarbons (HFCs), Perfluorocarbons (PFCs), Sulfur hexafluoride (SF₆) and Nitrogen trifluoride (NF₃)
- Global warming potential (GWP): 2021 IPCC Sixth Assessment Report (AR6)
- Electricity Emission Factor: 2024 Electricity Retailing Utility Enterprise Electricity Carbon Emission Factor published by various countries.
- Approach for consolidating GHG emissions: Operational Control
- GHG Inventory: V3
- GHG Report: V4

GHG Verification Methodology:

- Interviews with relevant personnel of EVA AIRWAYS CORPORATION.;
- Review of documentary evidence produced by EVA AIRWAYS CORPORATION.;
- Review of EVA AIRWAYS CORPORATION. data and information systems and methodology for collection, aggregation, analysis and review of information used to determine GHG emissions at EVA AIRWAYS CORPORATION. Headquarters and during site visits to select location; and
- Audit of sample of data used by EVA AIRWAYS CORPORATION. to determine GHG emissions.

Verification Date:

- 02/13/2025, and 02/18-20/2025

Verification Team:

- Lead Verifier: Carter Liu 
- Verifier: Jerry Lee , Dylan Chu 

Statement of independence, impartiality and competence

The Bureau Veritas Group is an independent professional services company that specializes in Quality, Health, Safety, Social and Environmental management with over 190 years history in providing independent assurance services.

No member of the verification team has a business relationship with EVA AIRWAYS CORPORATION., its Directors or Managers beyond that required of this assignment. We conducted this verification independently and to our knowledge there has been no conflict of interest.

The Bureau Veritas Group has implemented a Code of Ethics across the business to maintain high ethical standards among staff in their day-to-day business activities.

The verification team has extensive experience in conducting assurance over environmental, social, ethical and health and safety information, systems and processes, has over 20 years combined experience in this field and an excellent understanding of The Bureau Veritas Group standard methodology for the verification of greenhouse gas emissions data.

This verification statement, including the opinion expressed herein, is provided to EVA AIRWAYS CORPORATION. and is solely for the benefit of EVA AIRWAYS CORPORATION. in accordance with the terms of our agreement. We consent to the release of this statement by you to others interest party in order to satisfy the terms of disclosure requirements but without accepting or assuming any responsibility or liability on our part to any other party who may have access to this statement.

ASSURANCE OPINION GREENHOUSE GAS EMISSIONS

This is to verify that

EVA AIRWAYS CORPORATION.

NO. 376, SEC. 1, HSIN-NAN RD., LUCHU, TAOYUAN 33801, TAIWAN, R.O.C.

Holds Statement No: TWN21081426G-2 Rev.1

Bureau Veritas Certification (Taiwan) Co., Ltd. was engaged to conduct an independent verification of the greenhouse gas (GHG) emissions reported by EVA AIRWAYS CORPORATION. for the period stated below. This Verification Statement applies to the related information included within the scope of work described below.

The determination of the GHG emissions is the sole responsibility of EVA AIRWAYS CORPORATION.. BVC's sole responsibility was to provide independent verification on the accuracy of the GHG emissions reported, and on the underlying systems and processes used to collect, analyze and review the information.

Boundaries of the reporting company GHG emissions covered by the verification:

- EVA AIRWAYS CORPORATION at NO. 376, SEC. 1, HSIN-NAN RD., LUCHU, TAOYUAN 33801, TAIWAN, R.O.C. and please refer to the attachment for detail information.
- Period covered by GHG emissions verification: January 1, 2023 to December 31, 2023

Emissions data verified:

- Category 1 - Direct GHG emissions and removals: 6,501,992.2258 tCO₂e
- Category 1 - Direct biogenic CO₂ emissions and removals: 15.1874 tCO₂e
- Category 2 - Indirect GHG emissions from imported energy: 13,737.1761 tCO₂e
- Category 3 - Indirect GHG emissions from transportation: 7,072.5121 tCO₂e
- Category 4 - Indirect GHG emissions from products used by organization: 1,565,681.5708 tCO₂e
- Category 6 - Indirect GHG emissions from other sources: 84.7208 tCO₂e

Assurance Opinion:

Based on the process and procedures conducted, we conclude that the GHG statement for Category 1 and 2 is materially correct and is a fair representation of the GHG data and information, and is prepared in accordance with the ISO 14064-1:2018. Levels of Reasonable Assurance in Compliance Verification Agreements.

There is no evidence that the GHG statement for Category 3,4,6 is not materially correct and is not a fair representation of GHG data and information and has not been prepared in accordance with the ISO 14064-1:2018 Levels of Limited Assurance in Compliance Verification Agreements.

It is our opinion that EVA AIRWAYS CORPORATION. has established appropriate systems for the collection, aggregation and analysis of quantitative data for determination of these GHG emissions for the stated period and boundaries.

Statement of independence, impartiality and competence

The Bureau Veritas Group is an independent professional services company that specializes in Quality, Health, Safety, Social and Environmental management with over 190 years history in providing independent assurance services.

No member of the verification team has a business relationship with EVA AIRWAYS CORPORATION., its Directors or Managers beyond that required of this assignment. We conducted this verification independently and to our knowledge there has been no conflict of interest.

The Bureau Veritas Group has implemented a Code of Ethics across the business to maintain high ethical standards among staff in their day-to-day business activities.

The verification team has extensive experience in conducting assurance over environmental, social, ethical and health and safety information, systems and processes, has over 20 years combined experience in this field and an excellent understanding of The Bureau Veritas Group standard methodology for the verification of greenhouse gas emissions data.

This verification statement, including the opinion expressed herein, is provided to EVA AIRWAYS CORPORATION. and is solely for the benefit of EVA AIRWAYS CORPORATION. in accordance with the terms of our agreement. We consent to the release of this statement by you to others interest party in order to satisfy the terms of disclosure requirements but without accepting or assuming any responsibility or liability on our part to any other party who may have access to this statement.

VERIFICATION STATEMENT GREENHOUSE GAS EMISSIONS

This is to verify that

EVA AIRWAYS CORPORATION

NO. 376, SEC. 1, HSIN-NAN RD., LUCHU, TAOYUAN 33801, TAIWAN, R.O.C.

Holds Statement No: TWN17713646GT Rev.1

Bureau Veritas Certification (Taiwan) Co., Ltd. was engaged to conduct an independent verification of the greenhouse gas (GHG) emissions reported by EVA AIRWAYS CORPORATION for the period stated below. This Verification Statement applies to the related information included within the scope of work described below.

The determination of the GHG emissions is the sole responsibility of EVA AIRWAYS CORPORATION. BVC's sole responsibility was to provide independent verification on the accuracy of the GHG emissions reported, and on the underlying systems and processes used to collect, analyze and review the information.

Boundaries of the reporting company GHG emissions covered by the verification:

- EVA AIRWAYS CORPORATION at NO. 376, SEC. 1, HSIN-NAN RD., LUCHU, TAOYUAN 33801, TAIWAN, R.O.C. and please refer to the attachment for detail information.
- Period covered by GHG emissions verification: January 1, 2022 to December 31, 2022

Emissions data verified:

- Category 1 - Direct GHG emissions and removals: 4,489,866.3758 tCO₂e
- Category 2 - Indirect GHG emissions from imported energy: 12,328.6737 tCO₂e
- Category 3 - Indirect GHG emissions from transportation: 6,848.6358 tCO₂e
- Category 6 - Indirect GHG emissions from other sources: 86.2104 tCO₂e

Level of Assurance and Qualifications:

- Reasonable assurance
- This verification used a materiality threshold of 5% for aggregate errors in sampled data for each of the above indicators

Assurance Opinion:

Based on the process and procedures conducted, we conclude that the GHG statement is materially correct and is a fair representation of the GHG data and information, and is prepared in accordance with the ISO 14064-1:2018.

It is our opinion that EVA AIRWAYS CORPORATION has established appropriate systems for the collection, aggregation and analysis of quantitative data for determination of these GHG emissions for the stated period and boundaries.

GHG Verification Protocols used to conduct the verification:

- ISO 14064-3:2006
- Period covered by GHG emissions verification: January 1, 2022 to December 31, 2022
- GHG covered: Carbon dioxide (CO₂), Methane (CH₄), Nitrous oxide (N₂O), Hydrofluorocarbons (HFCs), Perfluorocarbons (PFCs), Sulfur hexafluoride (SF₆) and Nitrogen trifluoride (NF₃)
- Global warming potential (GWP): 2007 IPCC Fifth Assessment Report (AR4)
- Electricity Emission Factor: 2021 Electricity Retailing Utility Enterprise Electricity Carbon Emission Factor (0.509 KgCO₂e/kWh) published by Bureau of Energy, Ministry of Economic Affairs, R.O.C.
- Approach for consolidating GHG emissions: Operational Control
- GHG Inventory: 2022_V2
- GHG Report: 2022_V2

GHG Verification Methodology:

- Interviews with relevant personnel of EVA AIRWAYS CORPORATION;
- Review of documentary evidence produced by EVA AIRWAYS CORPORATION;
- Review of EVA AIRWAYS CORPORATION data and information systems and methodology for collection, aggregation, analysis and review of information used to determine GHG emissions at EVA AIRWAYS CORPORATION Headquarters and during site visits to EVA AIR BUILDING/ OLD BONDED WAREHOUSE/ BONDED WAREHOUSE; and
- Audit of sample of data used by EVA AIRWAYS CORPORATION to determine GHG emissions.

Verification Team:

- Lead Verifier: Carter Liu 
- Verifier: Lily Chuang 

Statement of independence, impartiality and competence

The Bureau Veritas Group is an independent professional services company that specializes in Quality, Health, Safety, Social and Environmental management with over 190 years history in providing independent assurance services.

No member of the verification team has a business relationship with EVA AIRWAYS CORPORATION, its Directors or Managers beyond that required of this assignment. We conducted this verification independently and to our knowledge there has been no conflict of interest.

The Bureau Veritas Group has implemented a Code of Ethics across the business to maintain high ethical standards among staff in their day-to-day business activities.

The verification team has extensive experience in conducting assurance over environmental, social, ethical and health and safety information, systems and processes, has over 20 years combined experience in this field and an excellent understanding of The Bureau Veritas Group standard methodology for the verification of greenhouse gas emissions data.

This verification statement, including the opinion expressed herein, is provided to EVA AIRWAYS CORPORATION and is solely for the benefit of EVA AIRWAYS CORPORATION in accordance with the terms of our agreement. We consent to the release of this statement by you to others interest party in order to satisfy the terms of disclosure requirements but without accepting or assuming any responsibility or liability on our part to any other party who may have access to this statement.

VERIFICATION STATEMENT GREENHOUSE GAS EMISSIONS

This is to verify that

EVA AIRWAYS CORPORATION

NO. 376, SEC. 1, HSIN-NAN RD., LUCHU, TAOYUAN 33801, TAIWAN, R.O.C.

Holds Statement No: TWN/GHG/13267093GT Rev.1

Bureau Veritas Certification (Taiwan) Co., Ltd. was engaged to conduct an independent verification of the greenhouse gas (GHG) emissions reported by EVA AIRWAYS CORPORATION for the period stated below. This Verification Statement applies to the related information included within the scope of work described below.

The determination of the GHG emissions is the sole responsibility of EVA AIRWAYS CORPORATION. BVC's sole responsibility was to provide independent verification on the accuracy of the GHG emissions reported, and on the underlying systems and processes used to collect, analyze and review the information.

Boundaries of the reporting company GHG emissions covered by the verification:

- EVA AIRWAYS CORPORATION at NO. 376, SEC. 1, HSIN-NAN RD., LUCHU, TAOYUAN 33801, TAIWAN, R.O.C.
- Period covered by GHG emissions verification: January 1, 2021 to December 31, 2021

Emissions data verified:

- Category 1 - Direct GHG emissions: 4,127,118.7056 tCO₂e
- Category 2 - Indirect GHG emissions from imported energy: 12,228.0090 tCO₂e
- Category 3 - Indirect GHG emissions from transportation: 7,511.5546 tCO₂e
- Category 6 - Indirect GHG emissions from other sources: 77.7329 tCO₂e

Level of Assurance and Qualifications:

- Reasonable assurance (Category 1, 2, 3 and 6)
- This verification used a materiality threshold of 5% for aggregate errors in sampled data for each of the above indicators

Assurance Opinion:

Based on the process and procedures conducted, we conclude that the GHG statement for Category 1, 2, 3, and 6 is materially correct and is a fair representation of the GHG data and information, and is prepared in accordance with the ISO 14064-1:2018.

It is our opinion that EVA AIRWAYS CORPORATION has established appropriate systems for the collection, aggregation and analysis of quantitative data for determination of these GHG emissions for the stated period and boundaries.

VERIFICATION STATEMENT GREENHOUSE GAS EMISSIONS

This is to verify that

EVA AIRWAYS CORPORATION

NO. 376, SEC. 1, HSIN-NAN RD., LUCHU, TAOYUAN 33801, TAIWAN, R.O.C.

Holds Statement No: TWN/GHG/4631639GT Rev. 1

Bureau Veritas Certification (Taiwan) Co., Ltd. was engaged to conduct an independent verification of the greenhouse gas (GHG) emissions reported by EVA AIRWAYS CORPORATION for the period stated below. This Verification Statement applies to the related information included within the scope of work described below.

The determination of the GHG emissions is the sole responsibility of EVA AIRWAYS CORPORATION. BVC's sole responsibility was to provide independent verification on the accuracy of the GHG emissions reported, and on the underlying systems and processes used to collect, analyze and review the information.

Boundaries of the reporting company GHG emissions covered by the verification:

- EVA AIRWAYS CORPORATION at NO. 376, SEC. 1, HSIN-NAN RD., LUCHU, TAOYUAN 33801, TAIWAN, R.O.C.
- Period covered by GHG emissions verification: January 1, 2020 to December 31, 2020

Emissions data verified:

- Category 1 - Direct GHG emissions: 4,310,983.1068 tCO₂e
- Category 2 - Indirect GHG emissions from imported energy: 12,754.9096 tCO₂e
- Category 3 - Indirect GHG emissions from transportation: 6,099.8352 tCO₂e
- Category 6 - Indirect GHG emissions from other sources: 80.4532 tCO₂e

Level of Assurance and Qualifications:

- Reasonable assurance (Category 1 and 2)
- Limited assurance (Category 3 and 6)
- This verification used a materiality threshold of 5% for aggregate errors in sampled data for each of the above indicators

Assurance Opinion:

Based on the process and procedures conducted, we conclude that the GHG statement for Category 1 and 2 is materially correct and is a fair representation of the GHG data and information, and is prepared in accordance with the ISO 14064-1:2018.

There is no evidence that the GHG statement for Category 3 and 6 is not materially correct and is not a fair representation of GHG data and information, and has not been prepared in accordance with the ISO 14064-1:2018.

It is our opinion that EVA AIRWAYS CORPORATION has established appropriate systems for the collection, aggregation and analysis of quantitative data for determination of these GHG emissions for the stated period and boundaries.

VERIFICATION STATEMENT GREENHOUSE GAS EMISSIONS

This is to verify that

EVA AIRWAYS CORPORATION

NO. 376, SEC. 1, HSIN-NAN RD., LUCHU, TAOYUAN 33801, TAIWAN, R.O.C.

Holds Statement No: TWN4549417GTEP Rev.1

Bureau Veritas Certification (Taiwan) Co., Ltd. was engaged to conduct an independent verification of the greenhouse gas (GHG) emissions reported by EVA AIRWAYS CORPORATION for the period stated below. This Verification Statement applies to the related information included within the scope of work described below.

The determination of the GHG emissions is the sole responsibility of EVA AIRWAYS CORPORATION. BVC's sole responsibility was to provide independent verification on the accuracy of the GHG emissions reported, and on the underlying systems and processes used to collect, analyze and review the information.

Boundaries of the reporting company GHG emissions covered by the verification:

- EVA AIRWAYS CORPORATION at NO. 376, SEC. 1, HSIN-NAN RD., LUCHU, TAOYUAN 33801, TAIWAN, R.O.C.
- Operational Control
- Period covered by GHG emissions verification: January 1, 2019 to December 31, 2019

Emissions data verified:

Site name and contacts	Emissions data	
EVA AIRWAYS CORPORATION +886-3-3515151	Total greenhouse gas emissions	6,130,580.690 tCO ₂ e
	Scope 1 : Direct greenhouse gas emissions	6,116,402.2822 tCO ₂ e
	Scope 2 : Energy indirect greenhouse gas emissions	14,178.4078 tCO ₂ e

Level of Assurance and Qualifications:

- Reasonable (Scope 1 and 2)
- This verification used a materiality threshold of 5% for aggregate errors in sampled data for each of the above indicators

Assurance Opinion:

Based on the process and procedures conducted, we conclude that the Scope 1 and 2 GHG emissions assertion shown above:

- is materially correct;
- is a fair representation of the GHG emissions data and information; and
- is prepared in accordance with the ISO 14064-1:2006.

It is our opinion that EVA AIRWAYS CORPORATION has established appropriate systems for the collection, aggregation and analysis of quantitative data for determination of these GHG emissions for the stated period and boundaries.
