

EVA Air’s Contributions and Expenditures

EVA Air continues to promote industrial exchanges and development by participating in aviation industry-related public associations and non-profit organizations. In 2023, EVA Air joined nine such aviation industry-related associations and non-profit organizations. The total expenditure over the past four years (2020-2023) was approximately TWD 43.3 million.

Name of Organization	Issue or Topic	Corporate Position	Description of Position/ Engagement
Taiwan Intelligent Aerotropolis Association	Taiwan Intelligent Aerotropolis Association is to propose and help to construct a new industrial “ecosystem” consisting of flows of people, logistics, capital, and information, making the Aerotropolis of Taoyuan International Airport a hub which will bring about prosperity of various industries in the surrounding fields.	Support	Member
Flight Safety Foundation	The Flight Safety Foundation holds various Safety Seminars, and provides up-to-date safety information to airline members for enhancing aviation safety. It also provides a communication platform among airline members to exchange practices of safety promotion.	Support	Member
Flight Safety Foundation – Taiwan	The Flight Safety Foundation-Taiwan performs various safety, security and ground safety training courses, and publishes Safety Quarterly E-magazine in Taiwan. Members can take priority of participating in above training courses, and provide suggestion to the relevant aviation organizations through its various committees.	Support	Member
Taiwan Center for Corporate Sustainability	Established by the Taiwan Institute for Sustainable Energy, the Center is a non-governmental organization oriented towards public welfare. It is a resource exchange platform for sharing corporate sustainability related resources.	Support	Member
CommonWealth Sustainability Association	The CommonWealth Sustainability Association (CWS) uses its resources to identify trends and issues, as well as the analytical skills in investigation and research, to create a comprehensive platform for corporate communication, sharing and learning, helping companies to grasp trends and promote ESG. For the four dimensions of corporate governance, corporate commitment, social participation, and environmental sustainability, CWS holds empowerment workshops, benchmarking company visits and sustainability forums every year.	Support	Member
Chinese Society of Civil Aviation	The association is a legally established, non-profit social organization that promotes civil aviation academic knowledge and practices providing a platform which encourages the exchange of civil aviation technology and experience, in order to advance the safety and service level of the civil aviation industry.	Support	Member
International Air Transport Association, IATA	IATA is a trade association of the world’s airlines that coordinates and manages airline activities and issues such as flight operation, air cargo, safety, service and environmental protection for civil air transport. Joining IATA will help EVA keep abreast of the latest developments in the global airline industry, aviation law and regulations. IATA is able to access key decision makers to advocate on behalf of its members.	Support	Member
Association of Asia Pacific Airlines, AAPA	AAPA comprises Security, Aeropolitical, Airline Service and Technical Committees, as well as various project task forces, which can help EVA keep abreast of the latest developments in the Asia -Pacific region, the global airline industry and aviation law and regulations. AAPA is able to access key decision makers in the region to advocate on behalf of its members.	Support	Member
Taipei Airlines Association, TAA	TAA serves as a bridge for communication between the government and the local civil aviation industry, and assist the government in implementing civil aviation policies and decree. Joining TAA will help EVA to communicate between government and related industry members, and to strive for own interests and benefits.	Support	Member
