

EVA Air’s Contributions and Expenditures

EVA Air continues to promote industrial exchanges and development by participating in aviation industry-related public associations and non-profit organizations. In 2025, EVA Air joined nine such aviation industry-related associations and non-profit organizations. The total expenditure over the past four years (2022-2025) was approximately TWD 47.4 million.

Issue or Topic	Corporate Position	Description of Position/ Engagement	Total Spend in FY 2025 (Currency: TWD)
Aviation Safety and Sustainability	Support	IATA is a global trade association for the world’s airlines that coordinates and manages airline activities and issues such as flight operations, air cargo, flight safety, service, and sustainability for civil air transport. IATA membership keeps EVA abreast of the latest developments in the global airline industry, as well as aviation laws and regulations. Crucially, IATA can directly access key decision-makers, ensuring members' interests are advocated for on a global level.	4,134,761
Aviation Safety and Regulatory Harmonization	Support	AAPA comprises dedicated committees for Security, Aeropolitical, Airline Services, and Technical affairs, alongside various project task forces. It advocates for Asia-Pacific carriers on key issues such as industry trends, flight safety, sustainability, and the development of aviation laws and regulations. AAPA membership enables EVA to stay abreast of the latest developments in both regional and global markets. Furthermore, AAPA leverages its access to key decision-makers in the region to advocate on behalf of its members.	3,822,409
